

ABOUT BAY'S SWEETS, LLC

Allow me to introduce myself. My name **Alicia Dixon**, owner of **Bay's Sweets, LLC** and I along with my partners created this company to provide cotton candy, candy/caramel apples for all to enjoy.

Bay's Sweets' mission is to support the children's education and recreation. We work with Boys & Girls clubs, public and private schools, various religious institutions and community-based programs in our area to help raise money for their organization. Monies raised will help assist in funding field trips, books, supplies or other necessities that are needed. When our candy is provided at a school dance, class party and similar function and in your concession, a percentage will go to the school as well

Our products are freshly prepared and we have a wide variety available that can be customized to fit your organization's need. If you are concerned about the sugar content and believe that it may be too sweet for children; please rest assure that there is more sugar in a candy bar and/or one can of soda than **Bay's Sweets Cotton Candy**. **Bay's Sweets** also offer organic flavors of cotton candy for those who do not wish to have artificial flavored candy.

I would like to schedule a meeting with you and your directors so that you may sample our product and further discuss how working together would be beneficial to both your organization and **Bay's Sweets, LLC**. Together, we can develop an ongoing relationship throughout the year and years to come. We are just a phone call away and can go anywhere you are. We look forward to working with you.

Sincerely,
Alicia Dixon
Chief Operating Officer
